Subject: RE: West Lake Landfill TASC support TD needs to be updated

Hi Freya,

I've reviewed the TD and it looks good to me.

We do anticipate Terrie attending the upcoming CAG technical committee meeting on August 31. This falls within the scope detailed in the TD, but wanted to include in email for timing purposes, if necessary.

Please let me know if you need anything else from me on my end.

Thanks,

Subject: West Lake Landfill TASC support TD needs to be updated
Importance: High

Ben.

I just realized that the West Lake Landfill TD under the base period doesn't roll over into the current option period because the TD specifically defined the period of performance for TASC support as being until the end of the base period. I've attached a directive with your last support request cut and pasted into the new format. Could you please edit the attached directive to include the support you think you will need over the next 11 months?

Thanks, Freya

Hi Terrie.

Please consider this e-mail as directive to continue current support for West Lake through the end of the current task order (TO #1) period of performance.

Thanks, Freya

Thanks, Terrie.

I'm also CCing Freya in HQ for her input.

Freya, what are your thoughts on this?

Hi Ben,

I got the news about the extension yesterday. But, our TD for Westlake still specifically ends on June 21. I think we still need a new TD to continue work for WLL. I'm cc'ing Krissy Russell-Hedstrom, our TASC PM at SKEO, for clarification.

Thanks.

Terrie

Hi Terrie,

I received word from Freya this morning that all should be good to go for continued support. Current task orders have been extended for one month while the new ones are worked out. Freya informed Skeo yesterday, so if you haven't heard yet, hopefully you will soon. Hope you're doing well – have a good day!
